Technologies and Treatments

Industry Panel

The aim of this panel is to convene top industry, institutional, and academic experts to showcase and discuss the latest trends within the electroporation-based community. The forum will emphasize new technologies required to tackle current needs and industrial challenges with a focus on Pulsed Field Ablation (PFA)

Title: PFA – gaps in knowledge and future direction of development

Chair

Prof. D. Miklavcic

Get Together

The panel will take place on **Tuesday, September 17th, 2024**, starting around 1 pm. Further logistic info will follow.

Panel Session

The event is a 60-minute moderated session with industry representatives and scientists working in the field of PFA. The panel is open for all the conveners.

Come and enjoy the panel!
